J. D. LIPPY
TAILOR

WIZARD THEATRE THE CONVERTS

BIOGRAPH DRAMA

This is one of the best reels that this noted company has played. This is a deeply religious picture, depicting in a very dramatic way the power of uttermost word may exert, even though spoken by false lips. The story, with its masterful presentation, is a strong sermon and vividly reveals the power of religion to reclaim the lost.

DOG OWNERS TO BE PROSECUTED

Borough Authorities Determine to Use New Tactics in Dealing with Dog Quarantine Matters, Shooting of Dogs to Stop.

New tactics have been determined upon by the Borough authorities for the enforcement of the dog quarantine which still has about six weeks to run before the one hundred days will have expired. No more dogs will be shot for the present.

Instead, the owners will be prosecuted, the state law providing that owners allowing their dogs to run at large without being muzzled while a quarantine is in force, may be fined from \$10 to \$100.00 upon conviction, and Burgess Holtzworth will now take in hand this manner of seeing that the quarantine is observed.

The next time Mr. Starnier goes on duty it will be to investigate those dogs are at large without muzzles and the owners will be promptly prosecuted and made pay the fine. If dogs are found whose owners cannot be ascertained the animals will be shot and, if the prosecution method proves ineffective, the shooting will again be used to protect the public.

It is generally believed by the local authorities that practically all of the "ownerless" dogs have been killed and that those found out now are either allowed to run because of carelessness or because the owners have neglected to use the proper means to keep them confined.

More than thirty dogs have gone to the "happy hunting grounds" since the State Livestock Sanitary Board established the quarantine in February. Of these the larger number were killed by the local officer while the state official also killed about a dozen. Many of the dogs killed were household pets and some of them were animals of considerable value. The carcasses were removed to the fertilizer plant of Spangler and Oyler east of town for disposal.

KRALITOWN

Kralitown, April 7—M. H. Gochenor is erecting a new wind pump on his farm near town.

Granville Harbold, of East Berlin, spent Sunday with his parents, Isaac Harbold and wife.

Clarence Griffin and wife spent one evening last week with J. H. Sinner and family.

Rev. Mr. Loose, of Menges Mills, was a visitor in town Sunday.

The following spent Sunday with M. R. Deardorff and C. T. Griffin and families, T. C. Griffin, wife and son, Norman, of New Oxford, C. R. Deardorff, wife, daughter, Evelyn and sons, Henry and Mervin and Mrs. Emmert Simpson, all of Hampton.

Quite a number of our folks attended John Berkheimer's sale at Harmony Grove Tuesday.

Reformed Communion service at Red Run Sunday, April 17th, at 10 a. m.

Evangelical preaching service Sunday at 2.30 p. m.

Clarence Griffin spent Monday in Dillsburg on business.

COL. O. T. SIMMONS

Col. O. T. Simmons, who was connected with the state forestry department, died at 1.15 o'clock Wednesday afternoon, at his home near Graffenburg. He was a veteran of the civil war and was, for a time, located at the Mont Alto reservation; later being assigned to the Caledonia reservation. He had a large number of acquaintances in the vicinity of the reservation and was known to many people here.

He is survived by his widow.

HAIL DAMAGES FRUIT TREES

A thunder storm accompanied by hail as large as walnuts passed over York county Wednesday evening, causing damage to fruit trees estimated at thousands of dollars. The hail fell thick and fast for nearly half an hour, and many window panes in dwelling houses were broken. Blossoms and twigs were cut from the trees in peach orchards and numerous gardens were washed out.

MODERN houses and desirable building lots of the Homestead Company on Baltimore street and Steinwehr avenue will be positively sold Saturday afternoon. See advertisement elsewhere in this paper.

CALL and inspect my line of wall paper the finest ever shown in Gettysburg. Harry C. Gilbert.

FOR SALE: two cows with calves 2 weeks old by their side. Address John C. Pepple, Orrtanna, Pa.

FOR SALE: one cream separator, butter worker and churn. Apply 25 Confederate avenue.

WORKMAN BURIED BY WELL CAVE-IN

Howard Harner, of Harney, Caught beneath Large Mass of Falling Stone while in Well Near Swartz's School House.

Howard Harner, of Harney, was on Wednesday morning buried beneath a cave-in of large stone while engaged in digging a well at the home of Elias Leppo, near Swartz's school house in Coneyago township. Mr. Harner was at the bottom of the well when the accident occurred but escaped serious injury, or being crushed to death by the great weight of stones.

Harner Brothers, Paul and Howard, of Harney, who make a specialty of drilling artesian wells contracted with Mr. Leppo for drilling his well deeper. The well is one of the old fashioned kind, about 32 feet in depth, the sides to the entire depth being surrounded by a stone wall.

They had succeeded in drilling to a depth of 26 feet below the original depth Howard Harner was in the bottom of the old well arranging the large steel pipe which was being installed in the well when the wall started to cave in from the bottom continuing until the stone, about 12 or 14 feet, collapsed and piled up in the well. When Mr. Harner discovered the crumbling of the wall he jumped between the large steel pipe and one side of the wall and started to work his way to the top. He had gotten to within about 18 feet of the top when he was entirely covered and his escape cut off.

News of the accident spread like fire and in a short time several hundred persons had congregated. It was feared that Mr. Harner was killed, but after rescuers had uncovered his head he talked freely and directed the work, being apparently uninjured. Dr. Meisenholder, of Hanover, was telephoned for and arrived promptly.

Harner was finally brought to the top of the well and on being examined by Dr. Meisenholder it was found that the man was uninjured with the exception of several slight cuts and bruises.

Harner's miraculous escape is due to the large steel pipe behind which he found refuge and which caused the stone to become lodged, saving him from being crushed to death or from suffocation.

BASE BALL DOOMED

The McSherrytown correspondent of the Hanover Record Herald says: It looks as though baseball is "doomed" for this season, in this place, as following the removal of the fence around the grounds some time ago, the field has been plowed during the week and will be devoted to agriculture. This is a severe blow to the "fans" who will have to go to Midway to see games the coming season.

It is rather fortunate that we have "Midway," as neither Hanover nor McSherrytown will be in the game this year, from present indications.

RURAL NOTES

Mrs. C. B. Gettler, of Table Rock, is visiting at the home of Mr. and Mrs. A. S. Mills on route 2.

Miss Kate Weikert, of route 2, spent Wednesday at Greenmount.

Work on the Barlow telephone line to the homes of David Maring and William H. Williams, of route 18, is being completed.

A. S. Mills, wife and daughter, of route 2, and Mrs. C. B. Gettler spent Tuesday with friends in Taneytown.

James Rose, of route 2, has gone to the home of Jacob Boyd, of the same route, to spend the Summer.

BIG IMPROVEMENT

Haltzworth and Hoffman have removed the fences in front of their stables in the rear of Carlisle street and will turn the entire area, bordering on that street into an attractive grass plot. The Walter's Theatre sign board will be taken away and a lawn thirty or forty feet deep will be one of the first things that tourists entering town over the Western Maryland will see. The fence at the rear of the stables along Railroad street will also be taken away and a terrace made there.

FOR RENT: 5 room house, all conveniences, Carlisle street. Apply Martin Winter.

YOU can have your rooms papered from \$2.00 up at Harry C. Gilbert's.

Eat Zeigler's Bread

SHELL corn at Spangler's warehouse, 70 cents per bushel.

ROOMS papered from \$2.00 up. Harry C. Gilbert.

YOUNG man wanted to learn sheet metal trade. Apply by letter only. Thomas J. Winebrenner.

WEDDING BELLS RING MERRILY

Bushman—McClellan Wedding in Gettysburg on Wednesday Evening in Presence of Immediate Relatives and Friends.

BUSHMAN—MCCELLELLAN

Miss Hattie R. McClellan and Rufus H. Bushman were united in marriage at eight o'clock on Wednesday evening at the home of the bride on West Middle street by the Rev. D. W. Woods, pastor of the Presbyterian church. The ceremony took place in the presence of only the immediate friends and relatives of the bride and groom.

The bride wore a gown of white nun's veiling and was attended by Miss Vivian Gilbert, of Chambersburg, as maid of honor. Miss Gilbert wore a gown of silk messaline. The bride carried a bouquet of white roses and the maid of honor carried pink carnations.

The ribbon bearers were Miss Mildred Gilbert and Master Charles McClellan. Miss Rosellen Gilbert played the wedding march. The home was very prettily decorated with ferns and palms and after the ceremony a supper was served to the wedding party and guests.

The bride is the daughter of Mr. and Mrs. George A. McClellan and the groom is the son of Mr. and Mrs. Levi Bushman. Both are among the best known and most popular of Gettysburg's young people and their many friends extend their most hearty best wishes.

Mr. and Mrs. Bushman are residing at 163 York street.

COVER-LINN

A pretty home wedding took place Tuesday evening at eight o'clock at the home of Mr. and Mrs. John Linn at Orrtanna when Miss Bessie Linn and Herbert Cover were united in marriage by the Rev. E. W. Stonebraker.

The bride was attired in white albatross and was attended by Miss Stieg, of York, as maid of honor, who wore black silk net en train over blue green. The best man was Mr. Guy Linn, of Orrtanna, a brother of the bride.

A reception was held after the ceremony and a wedding supper served. At a late hour Mr. and Mrs. Cover drove to their new home in Orrtanna, which had been prepared for the reception of the bride and groom. The bride received a large number of very handsome presents.

The Times joins with a host of friends in extending best wishes to Mr. and Mrs. Cover.

TO BUILD SEVENTY MILES

Pennsylvania will add between seventy and eighty miles of improved highway this year to the roads built under the supervision of the State Highway Department. The unusually early season has enabled contractors for road work to begin operations in twenty or more counties, and every effort is being made to push construction as rapidly as possible. The State has built 63 miles of road since the creation of the Highway Department, the bulk of the work having been done in the last two years. In addition the road building has been along more connected lines than heretofore.

Under the provisions of the law the construction is handled entirely by the State, but the townships and boroughs have the choice of roads to be improved. Lately steps have been taken to connect isolated links of road, and several stretches of ten or twelve miles will soon be ready for traffic. More attention is also being given to the use of brick on roads.

The State has about \$675,000 to spend on construction this year. The average cost is between \$8,800 and \$9000 a mile.

FIRE NEAR EDGE MONT

A one and a half story frame cottage on the farm of Lester Nelson, near Edgemont, was destroyed by fire. The cottage was unoccupied and burned entirely to the ground. It is thought the fire started from burning brush. The loss will be about \$200: covered by insurance.

SPRAY pumps, supplies and solutions for spraying for sale by C. A. Stoner, nurseryman, 43 West High street, Gettysburg. Man wanted. Call write or phone.

FOR SALE: runabout, good as new; set of harness, handmade, rubber mounted; old delivery wagon. Apply Gettysburg Steam Laundry.

Six room house to rent, East Middle street. B. F. Lightner.

FIRST COUNTY DEMONSTRATION

Demonstrator Pearce from State Division of Zoology Conducts Orchard Demonstration Near New Oxford.

The first of the series of orchard demonstrations in Adams County by representatives from the State Division of Zoology took place Wednesday afternoon in the large orchards of Mrs. C. M. Weaver, of New Oxford, located in Mount Pleasant township about a mile and a half west of that place. The work was in charge of Demonstrator Pearce and was attended by a large number of prominent agriculturists and fruit growers.

Mr. Pearce gave thorough instructions in regard to pruning, spraying, grafting and budding and also devoted some time to a talk on fertilization. His spraying demonstration was entirely along the line of the San Jose Scale. He is expected to return later to give instruction for the treatment for codling moth. Further demonstrations will take place in the fall.

Mrs. Weaver is extensively engaged in the growing of fruit and has in the orchard which the State has chosen for demonstration purposes fourteen hundred apple trees and five hundred pear trees. No work was done with the latter. It was the original intention of the demonstrator to have two days here but, owing to the extremely early spring, it was found necessary to curtail his time and hurry to the next station as the advanced buds make prompt spraying absolutely necessary.

ARENDTSTVILLE

Arendtville, April 7—Rev. T. C. Hesson will hold Holy Communion service in the Reformed church in this place on Sunday, the 17th inst., at 10 a. m.

Several days ago when Earl, aged twelve years, son of Calvin A. Weaver, of this place, was playing with several other children in George E. Hoffman's new implement house he fell over a joist and fractured two ribs.

Jacob Witmor, of Lancaster, has taken charge of the Mountain House, in this place formerly conducted by Augustus Lerew, now deceased.

H. H. Warren is remodeling the interior of his dwelling house.

John F. Lupp has been elected sexton in the Reformed church in this town instead of H. S. Raffensperger who had resigned.

Mrs. Lydia Bushey, formerly of this place but the last thirty years of Holmesville, Ohio, died on the 30th inst. Her husband, Jacob M. Bushey, who survives her, is a brother to John F. Bushey, of this place. The cause of her death and the number of children that survive her we did not learn.

Mr. and Mrs. Carlton Bryon, of Wilmington, Delaware, are the guests of Mr. and Mrs. H. P. Mark, of this place.

Last Sunday noon and during the night we had a good moderate rain that was very beneficial to the grain and grass fields. They make a good appearance in this locality.

CELEBRATED BIRTHDAY

Mrs. Rebecca Fickes, of New Chester, celebrated her 95th birthday on Monday, by entertaining Rev. E. E. Dietterich and family, and Mrs. Caroline Creager, who is 82 years old, and Mrs. Caroline Thomas, aged 75 years. These ladies are enjoying good health and are in full possession of all their faculties. A fine dinner was served by Mrs. William Money on the occasion.

KATHRYN CRISWELL

Kathryn Sarah, the only child of Mr. and Mrs. John Criswell, of Reading township, died Saturday morning of pneumonia and was buried at Hampton Monday morning. The child was aged 5 years, 4 months and 18 days.

He Filled the Bill.

A Washingtonian owning a country place near the capital engaged as stable boy a country lad from eastern Maryland.

During his last stay at the place the owner did not see the boy for several days. Finally, however, having special need of the lad, it occurred to him that the stable hand was not exactly "on the job."

"Where the deuce do you keep yourself?" demanded the master of the place. "I don't believe I've seen you since you were engaged. Have you been asleep all this while?"

"Yes, sir," was the unexpected response. "I thought that was what you wanted, sir."

"What I wanted?" exclaimed the employer, amazed. "What are you driving at?"

"Well, sir," exclaimed the lad, "your advertisement said you wanted a boy of sixteen to sleep on the premises."

SHORT PERSONAL PARAGRAPHS

Mrs. C. E. Winand and Miss Florence Trimmer spent Tuesday at Hanover.

C. E. Winand made a business trip to Gettysburg on Thursday.

Mrs. Clarence Shull and Mrs. William Shull are spending some time at Philadelphia, the latter having an operation performed.

MOULIN ROUGE GIRLS
BIG BURLESQUE CO.

The big beauty show is the way the "Moulin Rouge Girls" are billed and when they appear here at the Walter Theatre Wednesday, April 13 they will endeavor to prove their claim. Twenty five people comprise the company, and dainty, dashing maidens, girlish to the extreme predominate. Of course there are a few comical comedians to entertain between the many bright singing and dancing numbers beautifully costumed. Two up to date minute burlettas, entitled "Beauty and the Beast" and "After," also several Parisian novelties, never seen outside of Paris before and Mlle. Aidia, the famous Queen of Dancers and a host of others.

His Luggage.

Johnnie Poe, one of the famous Princeton football family and incidentally a great-nephew of Edgar Allan Poe, was a general in the army of Honduras in one of its wars. Finally, when things began to look black with peace and the American general discovered that his princely pay when translated into United States money was about 60 cents a day, he struck for the coast. There he found a United States warship and asked for transportation home.

"Sure," the commander told him. "We'll be glad to have you. Come aboard whenever you like and bring your luggage."

"Thanks," said Poe warmly. "I'm sure do that. I have only fifty-four pieces."

"What?" exclaimed the commander. "What do you think I'm running a freighter?"

"Oh, well, you needn't get excited about it," purred Poe. "My fifty-four pieces consist of one pair of socks and a pack of playing cards."—Everybody's.

A Whistler Story.

"Whistler," said an artist, "once undertook to get a fellow painter's work into the autumn salon. He succeeded, and the picture was hung."

"But the painter, going to see his masterpiece with Whistler on the following day, uttered a terrible oath when he beheld it."

"Good gracious!" he groaned. "You're exhibiting my picture upside down!"

"Hush!" said Whistler. "The committee refused it the other way."

SOLAR PLEXUS BLOW MAY CAUSE DEATH

Young Man Dying From Injury Received in Prize Fight

Passaic, N. J., April 7.—As the result of a solar plexus blow received in a seven-round fight, Gilbert Trechou, nineteen years old, of Lincoln place, Garfield, is lying at the point of death in the Passaic General hospital, where he has been unconscious since being admitted.

Accompanied by a large party of friends, Trechou and Frank Keiser, nineteen years old, of Palisade avenue, Garfield, went to a secluded spot just outside of Garfield to settle a long standing dispute. Each chose a second and the fight was conducted on prize rules. Six rounds were fought without apparent advantage on either side, but just as the referee was about to call time at the end of the seventh round Trechou was dealt a blow on the head and another in the abdomen, which felled him. When he failed to recover consciousness the crowd all slipped away, leaving Trechou with his second, John Dwyer. For more than an hour Dwyer worked in vain to restore his friend, and then in alarm ran to a telephone and called an ambulance.

Trechou is a son of James F. Trechou, a member of the Garfield board of education. He is a third year student in the Passaic high school and champion one mile track runner of the school. Kaiser is employed in Passaic and bears a good reputation.

D. L. & W. VOTE TO STRIKE

Employees Refuse Compromise Offer of Railroad.

Scranton, Pa., April 7.—General Superintendent Clark, of the Lackawanna railroad, gave the company's answer to the demands of the conductors and trainmen for a graded scale of wages.

The answer was a refusal, the company making a compromise offer of a 6 per cent increase. This the officers of the trainmen's organizations refused to accept, and at once sent out orders for a strike poll all over the system. The conductors are represented here by President A. B. Garretson of the order and the trainmen by their president, W. G. Lee.

MAN AND WOMAN LYNCHED

Colored Mob Kills Couple Accused of Murdering Woman's Husband.

Keo, Ark., April 7.—A mob of colored men overpowered a constable of Keo, four miles north of here, seized his two colored prisoners, one a woman, shot them to death and hanged their bodies.

The mob's victims were Frank Pride and Laura Mitchell. The husband of Mrs. Mitchell was found buried in Pride's yard. He evidently had been murdered. Pride and Mrs. Mitchell were arrested and bound over to a grand jury. They were on the way to jail in Keo when the mob seized them.

Kills Man in Quarrel Over \$25 Debt.

Rome, Ga., April 7.—In a dispute over the interest on a \$25 debt, "Doc" Spurgeon, a middle aged white man, employed in a cotton mill here, cut the throat of James Haney, mill foreman, and made his escape. He is now being pursued across the hills by the police. Haney bled to death.

Woman Scared to Death in Runaway.

Philadelphia, April 7.—Mrs. Anna J. Connor dropped dead while her horse dashed madly down Germantown avenue. When the animal was finally halted she was found lying dead on the seat in her carriage. She was sixty-eight years old.

BROWNSVILLE RAID FIXED

Military Court Convicts the Colored Soldiers.

RAPS NEGLIGENT OFFICERS

The Report, Which is Final, Recommends That Only Fourteen of the Discharged Soldiers Be Allowed to Re-Enlist.

Washington, April 7.—The colored soldiers of the Twenty-fifth regiment of infantry were guilty of "shooting up" Brownsville, Tex., on Aug. 13 and 14, 1906. This is the verdict of the military court that has had the affair under investigation for a year.

The court is unanimously of the opinion that the evidence sustained the charges that the colored soldiers of the Twenty-fifth infantry were guilty as accused by the mayor and citizens of Brownsville.

The officers of the regiment, the members of the court find, had been negligent in not performing their duties properly immediately prior to the affair and in not ordering an inspection of the regiment after the raid on the town instead of at daylight several hours later. If an immediate inspection had been held, the members of the court say, several of the culprits would have been discovered. In addition if the officers had performed their duty properly before the raid the affair could not have occurred in the opinion of the court.

The report, which was submitted to Secretary of War Dickinson, recommends that fourteen of the discharged soldiers be allowed to re-enlist. Three companies of the Twenty-fifth infantry, Companies B, C and D, were discharged without honor for declining to give information which would enable the army authorities to locate and punish the soldiers who raided the town.

The appointment of the court of inquiry was in accordance with an act of congress which was passed after a long fight by former Senator James B. Foraker, of Ohio, who defended the negro soldiers.

According to the terms of the act creating the board of inquiry, its findings are final and cannot be reviewed by any one.

The "shooting up" of Brownsville, Tex., of which the colored members of Companies B, C and D, Twenty-fifth infantry, were accused, occurred on Aug. 13 and 14, 1906. The investigation made soon after the trouble by Lieutenant Colonel Lovering, of the Fourth Infantry, and later by Brigadier General Garlington, inspector general of the army, showed that citizens did not want the colored troops there, and the soldiers knew it. The soldiers were not allowed to drink with white persons at the principal barrooms.

The ill feeling became acute when two colored soldiers rudely jostled a party of women on a sidewalk. Mr. Tate, husband of one of the women, knocked down one of the soldiers with his revolver. On Aug. 12 a soldier seized by the hair Mrs. Evans, a white citizen's wife, threw her to the ground and ran away.

This led to several clashes of citizens and soldiers, and on the night of Aug. 13 the soldiers, according to testimony, fired several shots in the air to create alarm. When the town was aroused more shots were fired, and a lieutenant of police was fired upon by five colored soldiers and wounded in several parts of his body.

On the following night the colored soldiers again invaded the town and more shots were fired. Several persons were wounded.

When the original investigation was under way the answers of the soldiers were all alike to the officers trying to detect the few men guilty of the crime of firing in the night upon the citizens of a sleeping town. They were general denials of the charges.

President Roosevelt held that because they appeared "to stand together in a determination to resist the detection of the guilty, they shall fall together when the penalty falls." However, any non-commissioned officer or enlisted man who can satisfy the secretary of war that he has told all he knows or can find out about the riot, can apply for re-enlistment.

Escaped Murderer Captured.

Norfolk, Va., April 7.—Thomas Noel, one of the two condemned negroes who escaped from the Norfolk county jail March 30 was captured in Drummonds woods on the outskirts of this city. Noel was shot through the stomach with a pistol and a load of buckshot also was put into his body. He is dying.

Young Wife Hangs Herself.

Reading, Pa., April 7.—During a spell of melancholia, Thana, wife of George Oxenreider, of Tulpehocken, this county, committed suicide by hanging herself at the residence of her mother, about two miles west of this city. She was twenty-five years of age.

Skin Sufferers! Drop Greasy Salves and Nasty Medicines.

That mild, soothing liquid, D. D. D. Prescription, stops the awful itch with the first drops. A prescription of acknowledged value.

Get a trial bottle at 25c. It will take away the itch right away and you will sleep soundly. We assure you personally of the merits of this remedy; for we know. People's Drug Store, C. W. Beals, Proprietor.

DRUGGED TO GET \$1000

Burglars Chloroform Two New York Families; Get Off With Booty.

New York, April 7.—After chloroforming ten members of two families living in the four-story house at 44 East Seventh street, burglars ransacked all of the rooms and got away with more than \$1000 in money and jewelry. All of those who were overcome by the drug were dazed when they awoke, and it required the services of a physician to look after them.

There is practically no clew for the police to work upon. Entrance was gained through a window which had been left open to allow fresh air to enter the rooms, and the intruders got away through a one-story extension leading to Sixth street.

On the second floor of the house lives Samuel K. Ellenbogen, private detective for the Hudson & Manhattan Railroad company, and he and his wife and four children were overcome by the drug. From their rooms much jewelry was taken.

On the floor above lives Samuel Kern and his family, and all of them were also placed under the influence of chloroform while the burglars worked. In these rooms the intruders overlooked considerable money and jewelry.

EARLY VOTE ON R. R. BILL

Senator Elkins Seeks to Take Up Amendments on Monday.

Washington, April 7.—Senator Elkins, of West Virginia, gave notice in the senate that he would call up the administration railroad bill on Monday for the consideration of amendments, and to continue as the order of business until the measure is finally voted upon.

Senator Clay, of Georgia, said that if this were done the bill ought to reach a final vote within fifteen days.

HOLD-UP MEN ARE CORRALED IN BARN

Posse on Way to Capture Robbers Who Killed Bankers.

Pittsburg, April 7.—The four desperadoes who robbed the Victor Banking company, of McKees Rocks, killing the vice president and cashier, are believed to be cornered in a barn on the Steubenville pike, about twelve miles from the scene of the hold-up. Sheriff Judd Bruff, of Allegheny county, with thirty deputies, armed with riot guns, is hastening to the rendezvous. If the men surrounded in the barn prove to be the hold-up men there will probably be a pitched battle. If necessary, Sheriff Bruff declares, he will burn the barn over the heads of the desperadoes.

The report that the men are surrounded on the Steubenville pike seems most reasonable. Detective Robert McMillen ascertained that a horse and rig had been stolen from a stable on the outskirts of McKees Rocks, and it is believed the hold-up men were the horse thieves.

That the men had planned to make a good job of the hold-up was proved when Detective Dillon, of the local force, found two bombs in the rear of the bank and directly against the back wall. Each bomb weighed about nine pounds and contained enough dynamite to blow up a city block. They were fused and capped and in readiness for the match.

Navy's Fastest Vessel.

Pensacola, Fla., April 7.—A speed in excess of thirty-five miles an hour for four consecutive hours was made in the gulf by the torpedo boat Flusser, of the seventh torpedo flotilla. The vessel carried a board of naval officers and a speed test of the five new destroyers which recently reached here. The speed is the greatest ever attained by a naval vessel of the United States.

Spring Gifts to Trolleyman.

Norfolk, Va., April 7.—The Norfolk & Portsmouth Traction company, who own all of the local trolley lines, announces that it will make a present to its motormen and conductors of their spring uniforms and will also set aside a percentage of the profits for a relief fund.

FEEDING THE CALF.

Care Should Be Taken When Giving It Skim Milk and Milk.

It is well to leave the calf by itself for at least twelve hours and, in case the calf has run with its mother for several days, possibly twenty-four hours. Attempts to feed the calf earlier than this usually do the calf no good and may injure the feeder's temper. If the calf's muzzle is held in the milk and its mouth pried open once so that it tastes the milk it will drink without the feeder being obliged to place his hand in the milk and allow the calf to suck his finger.

The calf is unable to handle hay or grain until it is a week or ten days old. During this period it is not wise to try to feed skim milk. At first the whole milk should be fed three times a day—four pounds in the morning, two pounds at noon and four pounds at night—at blood temperature. In about a week or ten days the calf can be fed twice daily. During this time the allowance of whole milk can be gradually increased to about twelve

HOLSTEIN YOUNGSTERS. The amount depends somewhat on its ability to handle increased quantities.

The stomach of the young calf is very delicate, and all changes should be made gradually. When about two weeks old the calf, if a strong, vigorous one, can be gradually changed to skim milk. During the first day decrease the amount of the whole milk one pound and add one pound of skim milk, and so on each day until the change is complete. Previous to this the calf should have a little grain (corn or Kaffir cornmeal or a mixture of both) placed in its mouth immediately after drinking its milk. In this way it gets a taste of the grain and will soon go to the feed boxes and eat with a relish.

After the change to skim milk is completed the amount may be gradually increased as fast as the calf is able to consume it without scouring. Care must be taken not to increase too rapidly. The calf is a greedy animal and will appear more hungry after drinking its milk than before, and if given too much it will soon be on the sick list. The milk fed should be weighed or measured at each feeding. Our experience has been that a calf from three to five weeks of age can be fed from ten to twelve pounds daily, from seven to eight weeks old fourteen to sixteen pounds and when from three to five months of age can be fed eighteen to twenty pounds of milk. The milk should always be fed warm and sweet.

Hints For Raising the Colt.

Don't break the colt; train him. Begin as soon as he is born and pet, lead, feed and water him. In fact, treat him as though he were a horse.

Teach him what whoa, get up, gee and haw mean by gently pushing him the way he is wanted to go; then when old enough to work he will know what is wanted of him.

Get him used to the harness by adding a strap at a time and to the shafts by fastening poles on either side of him occasionally. Teach him to draw by putting on very light loads at first and heavier as he gets used to it.

A colt handled in this way will be true and honest, as he will never know he is being made to work. He will love his master and delight in doing what he is told to do, while the one that is taken from the field in a wild state will rear and plunge, smash things and probably get loose and run away, after which he is almost spoiled for a trusty horse. Besides, it is cruel to treat a colt thus, as he never knows what is wanted of him.

The Important Problem

confronting anyone in need of a laxative is not a question of a single action only, but of permanently beneficial effects, which will follow proper efforts to live in a healthful way, with the assistance of Syrup of Figs and Elixir of Senna, whenever it is required, as it cleanses the system gently yet promptly, without irritation and will therefore always have the preference of all who wish the best of family laxatives.

The combination has the approval of physicians because it is known to be truly beneficial, and because it has given satisfaction to the millions of well-informed families who have used it for many years past.

To get its beneficial effects, always buy the genuine manufactured by the California Fig Syrup Co. only.

Young Men Wanted

Government Pays Railway Mail

Clerk \$800 to \$1,400 A Year

Free Scholarships Are Offered

Uncle Sam holds examinations for railway mail clerk, postoffice clerk or carrier, custom house and departmental clerks. Prepare at once for the coming examinations.

The job is for life; hours are short, salary twice monthly and vacation. To any young man who has energy enough to answer, this is the opportunity of a lifetime.

Thousands of appointments are to be made. Common school education is all you need; city and country people have equal chance. Start to prepare now. Free information. Free scholarships this month. Write immediately to Central Schools, Dept. S-51, Rochester, N. Y.

ITCHIN IRRITATION

Worst Forms of Skin Trouble Quickly

Cured by Inexpensive Treatment.

When you suffer with any skin trouble even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hoars, a pure and simple skin food that is guaranteed to contain no grease or acids and which is so clearly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous.

Not only are minor skin troubles, like pimples, blemishes, ache, barber's itch etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food.

In order that any one may try Hoars at small expense L. M. Buehler is selling a liberal sized jar at 25c. and in addition guarantees to refund the money if the treatment does not do all that is claimed for it. Larger size 50 cents.

Western Maryland RR

SCHEDULE IN EFFECT SEPT. 26, 1906.

Trains leave Gettysburg DAILY EXCEPT SUNDAY, as follows:

OUT OF THE GLOOM.

Many a Gloomy Countenance in Gettysburg Now Lightens With Happiness.

A bad back makes you gloomy. Can't be happy with continual back-ache.

The aches and pains of a bad back are mostly due to sick kidneys. Doan's Kidney Pills cure sick kidney's. They have made many a happy home in Gettysburg.

Read what a grateful citizen says:

Mrs. T. C. Biddle, 68 E. Middle Street, Gettysburg, Pa., says: "Two years ago I publicly recommended Doan's Kidney Pills and at this time I am glad to confirm my former statement. A member of my family was in bad shape with kidney complaint and was laid up for eight weeks. Backache was almost constant and there were severe pains through the loins. After several remedies had been tried to no avail, Doan's Kidney Pills were procured at the People's Drug Store and their use was begun. Relief soon followed and there was a marked improvement in every way. My advice to anyone afflicted with kidney complaint is to give Doan's Kidney Pills a trial.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PUBLIC SALE

FRIDAY, APRIL 8, 1910

The undersigned, administrator of Michael Kugler, deceased, late of Fairfield Borough, will sell the following:

2 falling top buggies, spring wagon, wheel-barrow, shovel plough, lot of harness, saddle, 20 bu. corn, 27 wire fence posts, 24 rail posts, rail holder, broad axe, 3 axes, lot chains, cross cut saw, corn sheller, horse shoeing tools, double and single trees. Household goods consisting of sewing machine, extension table, cook stove, ten plate stove, parlor stove, lounge, hair cloth parlor set, marble top stand, curtains, rocking chair, wash stand, bureau, carpet by the yard, feather bed, pillows, lap blanket, comforter, washing machine, iron kettle, wash boiler, 2 kettles, and many articles too numerous to mention. Sale to begin at 1 o'clock. Terms made known day of sale.

EMANUEL G. CLUCK

Also the following

Side saddle, 2 rocking chairs, old-styled chest, old-styled spinning wheel and reel, bedstead, chest, nail dozen chairs, bureau, old bureau and churn.

SUSAN KUGLER

J. M. Caldwell, Auct.

Epilepsy, Fits

"My son was cured of a very bad case of epilepsy with Dr. Miles' Nervine."

MRS. D. BAKER, Cleveland, O.

"My little daughter who was afflicted with St. Vitus' Dance is now entirely well after taking Dr. Miles' Nervine only four months."

MRS. C. G. BENNETT, Alma, Mich.

Epilepsy, Fits, St. Vitus' Dance and Spasms, are all nervous diseases. They have been cured in so many instances with Dr. Miles' Nervine that it is reasonable to conclude that it is almost sure to cure you. With nervous diseases of a severe type, persistent use has almost invariably resulted in a complete cure or lasting benefits, worth many times the cost of the remedy. The best evidence you can get of its merits is to write to those who have used it. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

WHY THEY FAIL

Most Pile Remedies Miss The Cause Of Piles

Disagreeable treatment with ointments or suppositories usually fails to cure piles and cutting them off won't remove the cause. Such treatment only moderates the outside effects of the disease and fails to remedy the inside cause. The up-to-date doctors now use internal medicine, to free the circulation in the lower bowel, and so remove the disease.

Dr. Leonard's Hem-Roid, the first and only guaranteed internal pile cure in the form of tablets—cures any kind of piles. Sold by People's Drug Store, Gettysburg, Pa. \$1 for large box. Dr. Leonard Co., Station B, Buffalo, N. Y.

ROOSEVELT TO HEAR PINCHOT

Deposed Forester Will Tell His Story in Private.

TO TAKE HONEYMOON DRIVE

Former President and Wife to Traverse Again the Route They Took as Bride and Bridegroom—The Last Day in Rome.

Rome, April 7.—No one but Gifford Pinchot, the deposed forester, will be received by Colonel Roosevelt during the three days he will spend at Porto Maurizio, near the French frontier, where he will visit at the villa of Miss Carow, who is Mrs. Roosevelt's sister. Mr. and Mrs. Roosevelt left here at midnight for Spezia, from which point they will begin a carriage drive over the route to Genoa which they traversed on their honeymoon. The American newspaper correspondents who accompanied Mr. Roosevelt from Khartoum have promised, at the former president's request, to respect the privacy of this sentimental journey.

The carriage drive from Spezia to Genoa, a distance of sixty-five miles, will occupy the greater part of three days. Arriving at Genoa, the Roosevelts will proceed at once by train to Porto Maurizio, where they will stop for three days at the Carow villa, where Mr. Pinchot will be the only other guest.

It will be at the Carow villa that Mr. Roosevelt will hear the complete story of how and why Mr. Pinchot was deposed as chief forester by President Taft, and of the charges made against Secretary Ballinger, of the interior department.

Colonel Roosevelt and Mr. Pinchot are close personal friends and both, when the former was president, were devoted to advocating the conservation of land. Colonel Roosevelt has already made a statement in advance of the meeting with Mr. Pinchot that he will have nothing to say, at this time, of the deposing of his friend or of the merits of the charges against Secretary Ballinger. It is not expected, either, that Mr. Pinchot will have anything to say.

The final day of Mr. Roosevelt's stay in Rome was quite as busy as the two preceding days. After devoting two hours to his mail and telegrams he left his hotel for a call upon Professor Giacomo Boni, the archaeologist. Later he received a visit from Baron Pava, formerly Italian ambassador at Washington.

A QUESTION OF COURTESY

Cardinal Merry del Val Gives Vatican View of Episode.

Rome, April 7.—The Osservatore Romano, the organ of the Vatican, publishes the following note from the office of Merry del Val, papal secretary of state, its publication following translations of Rev. Tipler's statement and the one by Mr. Roosevelt:

"In the last analysis it is a question of simple, pure courtesy the holy see did not impose on Mr. Roosevelt, as has been falsely stated, a condition that he must not approach the Methodists or other non-Catholic religious associations in Rome. There are several non-Catholic centers in the city which, however, do not behave in a harshly hostile and offensive manner towards the pope and everything the pope and all Catholics hold most dear. The Methodist center in the Via Venti Settembre is instead systematically united with the worst anti-clerical and anti-papal elements in the city, and displays such attitude in the most notorious manner and in the most aggressive and insulting form.

"Mr. Roosevelt himself had a slight limited sample of this in the declaration published recently by the Methodists, which he felt obliged to disavow. The holy see, after the regrettable Fairbanks incident, had every reason to fear that Mr. Roosevelt, unwittingly and in perfect good faith, would have been led to manifest open sympathy and friendship towards this hostile center of aggression against the Catholic church in the very heart of the Catholic world. Therefore, when Mr. Roosevelt requested indirectly and confidentially an audience of his holiness, the hope was courteously expressed that he would be guarded against being dragged into the false position of seemingly publicly supporting the offensive campaign against the pope within his own see. Mr. Roosevelt replied by refusing any condition or stipulation, thus admitting the possibility of his accomplishing an action which would be a grave offense to his holiness. This was amply confirmed by the refusal to give any assurance. An audience thus became impossible. Therefore it was a question of pure ordinary courtesy, and surely courtesy is not incompatible with the rights and freedom of an American citizen."

\$100, REWARD \$100,

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all the stages, and that is Catarrh of the Bladder. It is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have to much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 7c.

Take Hall's Family Pills for constipation.

SCHWAB BUYS SHIPYARDS?

It is Reported He Purchased Newport News, Va., Company.

Richmond, Va., April 7.—A report has reached here that Charles M. Schwab has purchased the Newport News shipyards. The rumor is founded on a report that Schwab has been spending several days in that city with H. E. Huntington, who holds the controlling interest in the plant, and President C. B. Orcutt, of the company. It is said that Schwab has been in conference with the two big men of the company and that the contract is already made, the sum stipulated being over \$18,000,000. The works will be greatly enlarged if taken over by Mr. Schwab.

MORGAN BACKS MONORAIL

Big Financier Said to Be Interested in \$50,000,000 Concern.

Wilmington, Del., April 7.—It was said in local financial circles that the Morgan interests are heavily backing the International Elevated Railroad company, of Washington, which was incorporated in Dover, through the office of Charles G. Guyer, of this city.

Mr. Guyer refuses to confirm this report, but he admits that some of the biggest financiers of the country are interested in the \$50,000,000 company and that the concern intends to build mono-rail elevated railroads. It is said the first line will be one of twenty-seven miles in Brooklyn. The company claims it can maintain a speed of 100 miles an hour.

PRESIDENT CANCELS VISIT TO INDIANA

Attack on the Tariff Law Riles Mr. Taft.

Washington, April 7.—President Taft has canceled his engagement to visit Indianapolis on May 5. While no statement has been issued in regard to this decision, it is believed to be the direct result of the events at the Indiana state Republican convention.

It is not even admitted at the White House that the president had a definite engagement to visit Indianapolis, although dispatches from that city several days ago announced that the president would be there from 2.15 p. m. until midnight of May 5.

In view of the circumstances surrounding the convention of the Indiana Republicans, it was said by friends of the administration that if the president spoke at Indianapolis at all he would more than likely feel compelled to express again his well known views regarding the Payne-Aldrich tariff bill. It was argued that off the president should do this it might be interpreted adversely to Senator Beveridge, and rather than be put in that attitude the president will give Indiana a wide berth in his forthcoming visit to the middle west.

No matter what Senator Beveridge's attitude toward the administration may be—and the president told several of his callers, it is said, that he had no doubt in his own mind on that subject—he did not care to be drawn into the Indiana fight in any way. The president is anxious for Republican success in Indiana and hopes that the Republicans under whatever leadership they choose may be able to carry the state.

"WETS" GAIN IN ILLINOIS

Election Shows Reversal of Vote of Two Years Ago.

Springfield, Ill., April 7.—Elections in 260 cities and towns in Illinois on the saloon issue show a decided reversal of the vote of two years ago, judging from reports from 240 places which have been received thus far. If anything the vote indicates a tendency to return to the "wet" column. Many cities having a large population were recaptured by the "wets."

Reports show that 39 "dry" towns went "wet"; 19 "wet" towns went "dry"; 72 "wet" towns retained the saloon, while 110 "dry" towns remained true to their colors.

"Drys" Gain in Colorado.

Denver, Colo., April 7.—Complete returns from the twenty-two towns throughout Colorado in which the saloon question was an issue, directly or indirectly, at the municipal elections shows that the "drys" gained five towns and the "wets" three.

CARNEGIE MERELY TIRED

No Serious Result of His Weakened Condition is Anticipated.

New York, April 7.—At the residence of Andrew Carnegie, Ninety-first street and Fifth avenue, it was said that Mr. Carnegie was merely tired and otherwise in good health. It was added that no serious result is anticipated, and that after he is thoroughly rested he will be in good shape.

Coal Operators to Raise Wages.

Wilkes-Barre, Pa., April 7.—A report is prevalent here that the large coal companies of the anthracite region will in a short time grant a substantial increase in wages to all clerks, bosses and monthly hands employed at their collieries and offices who are not eligible to membership in the mine workers' union and who did not profit by any increases granted to the mine workers.

St. Francis Xavier Catholic Beneficial Society of Gettysburg will run an excursion to Baltimore on Thursday, April 28th. Returning leave Hillen Station Baltimore, 11.30 p. m. Committee.

Send your friends with the drug or drink habit to the Keeley Institute. 30 years of successful cures. Write for particulars. ONLY KEELEY INSTITUTE IN EASTERN PENNSYLVANIA 312 N. Broad St., Phila.

MAN HIGHER UP IS INDICTED

President Pressed Steel Car Company Accused.

RAISED CORRUPTION FUND

It is Charged That Frank N. Hoffstot Tried to Employ Blakely to Handle \$52,000 to Bribe Councilmen.

Pittsburg, April 7.—The grand jury indicted Frank N. Hoffstot, president of the German National bank, of Allegheny, as well as president of the Pressed Steel Car company, on the charges of bribery and conspiracy. President Emil Winter, of the Workmen's Savings Bank and Trust company, of Allegheny, another financial power of Pittsburg, went into court to confess that he had bribed councilmen to the extent of \$20,000. James M. Anderson, general bookkeeper of the Workmen's Savings Bank and Trust company, was arraigned on a charge of having mutilated the books of his bank to save the exposure of certain persons. He pleaded nolo contendere and was placed under bail.

The most startling feature of the graft probe up to date is information conveyed in the presentment handed down against Hoffstot. District Attorney William A. Blakely appeared as a citizen before this grand jury in connection with the Hoffstot investigation and told how before he became district attorney he had been approached by Hoffstot and the late J. W. Friend and by Councilman Charles Stewart and asked to act as stakeholder for a fund of \$52,000 which they said were to be paid certain councilmen for the passage of a bank ordinance.

Blakely Asked to Hold Money.

Blakely was asked to hold the money as a guard against cheating on the part of councilmen, and part of his duties would be to pay it out to the crooked city fathers as they fulfilled their promises. Attorney Blakely is alleged to have refused to consider the proposition, and he warned Messrs. Hoffstot, Friend and Stewart that their course of action if pursued would get them into trouble, and that if he ever attained a position of authority in the courts of Allegheny county he would go after them. This is thought to have frightened them, so that Hoffstot and Friend began to negotiate with Stewart, representing the councilmen, to have all payments of graft made in New York city, paid with money shipped from Pittsburg. The grand jury does not say that Hoffstot paid the money out there personally, but says that persons who directly paid the money in New York to Councilman Stewart and others is not yet known to them. All this money was bribery for the passage of the bank ordinance, it is claimed.

It is alleged that Hoffstot on two occasions solicited money from Cashier James M. Young, of the Second National bank, of Pittsburg, one of the institutions late named as a city depository, and caused him to ship to New York \$21,000 as that bank's share of the bribe money. Cashier Young was before the jury a long time.

Couldn't Hear Old Friend Confess.

The arraignment of President Emil Winter, of the Workmen's Savings Bank and Trust company, before the court provoked a pathetic incident. Judge Robert S. Frazer and Winter have been friends since boyhood, and as the banker, white lipped and tearful, bowed his head in shame, as he would confess to bribery. Judge Frazer's voice broke and, motioning for Judge Elliott Rodgers to come closer, the judge explained that he and the man about to plead were friends of too long standing to permit of his hearing the confession without pain. He would rather President Winter made his statement in some other court. Winter was then taken before Judges Carahan and Swearingen, where he confessed that he had given Councilman Morris Einstein \$20,000 in order that his bank might be made a city depository. He was placed under \$2500 bail.

The indictment of Hoffstot and the arraignment and pleading of Winter makes four of the six bank presidents whose institutions have been selected as city depositories to be accused of wrongdoing.

Autos Crash Head-On; Four Hurt.

Pottsville, Pa., April 7.—Four motorists were injured, one of them fatally, in a collision of machines between Pottsville and Minersville. T. H. Coombs and W. H. Kanter occupied one of the cars and George Ball and John Reed the other. The occupants of the Coombs car were intent on watching an auto approaching behind them and did not see the Ball car coming. The machines met in a fearful crash and were practically demolished. Coombs' steering wheel was driven into his stomach, fracturing several ribs and causing serious internal injuries.

Porto Rico Welcomes Bryan.

San Juan, P. R., April 7.—William J. Bryan is receiving an enthusiastic welcome in the towns of the island. Streets have been named in his honor. He received a remarkable reception in the theater where he lectured on "The Prince of Peace." He avoids political questions in his speeches. He will sail for New York April 13.

WANTED—200 men, 100 at Security, 2 miles from Hagerstown, Md., \$4 board on job or in town. 100 at Berkeley on C. V. R. R., 2 miles from Martinsburg, West Virginia. Wages 15 cents per hour. Security Cement and Lime Co.

After April 1, Dr. E. H. Markley will move his dental office ten doors lower down on York street, opposite Codori's meat store.

SILVER ANNIVERSARY

C. W. Weaver & Son

C. W. Weaver & Son

25th ANNIVERSARY 1885-1910

THE LEADERS

It gives us great pleasure to announce our Silver Anniversary, of beginning business in Gettysburg.

Just twenty-five years ago we opened up business here in a little E shaped room—28 x 38 the centre of the E almost cutting the room into two; this building being built for County Offices many years before.

We put forth certain aggressive methods which gave us a prestige from the start—and the little store soon became too small, so it was torn down and a larger and more modern one built. We then had more than twice the space with which we began, but in a few years that too became too small for our increasing business and an addition was made which more than doubled the size again, that in its turn became too small, and by the acquisition of property adjoining we again enlarged so that now we have the largest store in Adams county—doing more than double the business of any other. We therefore, **INAUGURATE A SILVER ANNIVERSARY SALE** to commemorate our achievements for the past, and as an earnest of what can be expected from us for the future.

Our stock, **NOW LARGER** in most lines than ever before, was contracted for at prices that will enable us to offer it at much **UNDER PRESENT MARKET VALUES** and beside—we are making many **SPECIAL CUT PRICES** on a great many articles all through the store.

THIS SALE BEGINS FRIDAY the 8th

and will continue during the next week. There will be Special Decorations and Souvenirs as well as Special Prices.

The Citizen's Band will give a concert on Saturday night in the store.

We want everybody to come in and show their good will—whether they wish to buy or not.

G. W. Weaver & Son

\$1 a dozen for Photographs

that regularly sold from Two to Three Dollars. We are not reducing the price on photographs but on the cards or mounts. These mounts are odds and ends that we want to clear out before the summer season starts. This price will only be in effect until April 10th.

BEN. F. KINDIG, Jr.

PUBLIC SALE

OF VALUABLE TOWN PROPERTIES ON
SATURDAY, APRIL 30, 1910

The undersigned executor of the last will and testament of Lewis E. Kummerant, late of the Borough of Gettysburg, Adams county, Pa., deceased, will offer at public sale the following described real estate, all of which except No. 10, the wood lot, is situated in the Borough of Gettysburg:

Lot No. 1. Fronting about 30 feet on West Middle street, adjoining on the East lot of Philip Hennig, lot No. 2 on the West, and extending back 103 feet to a fence, improved with a 1 1/2 story frame dwelling house and out buildings, together with the privilege of getting water from the well on lot No. 2.

Lot No. 2. Fronting 30 feet on said West Middle street, adjoining No. 1 on the east, West street on the west and running back 103 feet to a fence, improved with a 1 story log dwelling house, out buildings and well of water—the right to the use of which is reserved for Lot No. 1.

Lot No. 3. An unimproved lot fronting 77 feet on West street, immediately in the rear of Lots Nos. 1 and 2, adjoining a public alley on the south and lot of Philip Hennig on the east.

Lot No. 4. Fronting on the north side of West Middle street, (Fairfield road), adjoining on the west lot of S. Ella Blocher and J. E. Bair on the north and east, containing about 98 perches, improved with a good 2 story frame dwelling house, with city water and outbuilding.

Lot No. 5. Fronting on the west side of Carlisle street, being parts of town lots Nos. 34 and the south-east one-fourth part of No. 52, adjoining lot of C. B. Tate on the south and lot of D. McCleary's heirs on the north, improved with a 2 story brick dwelling house, out buildings and a good livery stable of about 30 feet by 58 feet. This property is within a half square of the Center Square of the town and also within one half square of the Western Maryland station and is an excellent location for business purposes.

Lot No. 6. Fronting about 60 feet on the south side of Chambersburg street, running back 180 feet to a public alley, adjoining lot of J. A. Hartman on the east, lot of James Caldwell on the west, improved with a 2 story frame dwelling house with two buildings, one a 2 1/2 story frame dwelling with store room and so arranged that it can be used as two houses, with back buildings attached, the other a good 2 1/2 story frame dwelling, summer kitchen attached, with a large stable on the rear and other outbuildings. This is a good business location and also desirable for a home.

Lot No. 7. Fronting 29 feet on the east side of North Washington street, adjoining Benner lot on the north, lot No. 8 on the south, Sweeney lot on the east, improved with a 2 story frame dwelling house with back building and out buildings.

Lot No. 8. Fronting 18 feet on the east side of North Washington street, adjoining lot No. 7, on the north, lot No. 9 on the south, lot of Mrs. Sweeney on the east, improved with a 2 story frame dwelling house with back building and out buildings.

Lot No. 9. Fronting 30 feet on the east side of North Washington street, adjoining lot No. 8 on the north, lot of Mrs. Sweeney on the east, lot of C. B. Tate on the south, improved with a 2 story frame dwelling house, small back building and out buildings.

Lot No. 10. A wood lot situated in Highland township, Adams county, Pa., on the top of what is known as "Carr's Hill," adjoining lands formerly owned by J. J. Kerr, Beidler, and formerly Hugh McCaughy, containing 7 acres and 132 perches more or less. This tract is well covered with growing timber, not having been cut over for about 30 years.

Sale will commence on Lot No. 1 at 10:30 a. m., and then in order Nos. 2, 3 and 4. Lot No. 5 (Carlisle street) will be offered at 1:00 p. m., and then successively Nos. 6, No. 10, the wood lot on No. 6, No. 7, No. 8 and No. 9.

All the town properties, except the dwelling with store room on Lot No. 6, are under lease for the ensuing year, and will be sold subject to the leases which will be given to the respective purchasers with the rents from the day they lift their deeds.

The terms will be 10 per cent. cash on day of sale, the balance to be secured by a note with approved security, payable on Sept. 1st, 1910.
ADAM V. KUMMERANT,
Executor of L. E. Kummerant.

A well known agricultural paper in a recent issue recommended, unquestionably as the result of an error or oversight on the part of the "devil" or managing editor, the sowing of from 100 to 200 pounds of clover seed per acre. In view of the fact that ten pounds would be a superabundance of seed, the error will be detected at sight.

A SPRING OPTIMIST.

Now, though the little busy bee
His energies doth bend
To bang me in a tender spot
With his sharp business end,
I do not need to shovel coal
And that burned heaters out,
And ashes—don't touch 'em now—
By gum, I ought to shout!

Why, yes, that pesky fly is back
To drop into my cup,
And caterpillars by the stack
To drop when I look up.
But, bang it all, what of all this
When I those tight old rubbers miss?
Hooray, hooray, it's a spring!
No more of that!

You bet I hear that skeeter trill
And bung my bald spot with his drill.
And farmers now sell haymow eggs
From which peep chicks with yellow legs.
But can't you hear the bluebirds sing?
Oh, golly, how they make things ring!
And see those flowers in the sun.
Spring just suits me; it does, by gum!

Why, yes, we're just now cleaning house.
And that's nixy-cum-er-ous.
And I'm dead tired, black and blue.
But I can swelter this real well
When I hear them spring onions smell
And I hear my Marjorie cry.
"Bill, kill some chickens now to fry!"
C. M. BARNITZ.

KURIOS FROM KORRESPONDENTS

Q. I had an argument the other day
And the other fellow claimed that
Chicken lice and human lice are the same.
How is it?

A. When a chicken crawler gets on
A human he travels hard to get off
because that's not his natural grazing
ground. The two are distinct. Hope
you have neither.

Q. What is meant by a top cross?
A. The use of a male of one breed
with the female of another.

Q. What is meant by cock, cockerel,
hen, pullet?

A. A cock is a male one year or
more old; cockerel, less than a year.
Hen is a female one or more years
old; pullet, less than a year.

Q. My boy is crazy after bantams
and I expect to secure a dozen Se-
bright hens for him. How many males
should I mate to them and how large
a pen and yard are necessary?

A. Two males. House and yard
each six feet square.

Q. Is your feed broken glass to
your flock?

A. No. It kills lots of fowls for
people who do. It often cuts the
crop and pierces the gizzard.

Q. I would like to raise 100 laying
pullets and wish to know about how
many chicks I ought to hatch to get
that number.

A. Adding culs, cockerels and those
that die, you should hatch 500 to be
safe.

Q. Is there any way I may kill rats
on my premises without using poison?

A. Mix equal parts cornmeal and
plaster paris together and set under a
floor where rats can get it. Have
water handy.

Q. I am located near a slaughter
house and can get lots of beef blood
for my fowls. How should I prepare
it?

A. Salt it as you do soup, then boil
in a sack and feed sparingly at first.

Q. Which consumes the more feed,
pullets or old hens, and why?

A. Pullets. They are both growing,
repairing waste and laying and need
more. The old hens just need enough
to repair waste and for eggs.

Q. Who They Were.

One of the women teachers went to
the principal of a school in New York
the other day. "Mr. Mark," she said,
"I think you had better go upstairs.
A substitute teacher is on duty up
there, and I am afraid she is having a
terrible time. The noise is so terrific
the children down here scarcely can
study."

The principal went up the stairs two
steps at a time, and the noise soon
ceased. When he returned to the low-
er room his face was grim. "Miss Hen-
derson," he said, "if you hear any
more of those noises let me know at
once."

"Indeed, I will," she replied. "It is
simply outrageous that parents or
guardians should bring their children
up so they will behave that way. Did
you find out who the children were?"

"Yes, I found out," the principal said
scowling. "One is your nephew, and
the other is my son," he replied, and
the woman teacher almost collapsed.

Q. I have only 6.8 tons. There are
several points to be thought of here—
first, that fertilizers of a good grade
pay well the first year, and then some
pay for the second year.

If this is so with millet, would it not
be so with grain seeded with grass and
clover? That millet is a profitable
crop both for selling and cured is ap-
parent when seven and one-half tons
cured fodder can be secured per acre.
As millet contains only about 2 per
cent of protein, it should be fed in con-
nection with alfalfa or clover hay. If
these cannot be obtained the ration
should be balanced with such feeds as
oilmeal, cottonseed meal or the better
grades of gluten feed.

"I have used millet for some years
with dairy cows and young stock,"
says the farmer who made this fertiliz-
ing experiment, "and think very high-
ly of it. It is said to be injurious to
horses through the effect it has on
the kidneys. With the hay crop as
light as it has been for two years, as
the dry season has been very hard on
new seedling, it will surely pay our
farmers to give more attention to the
millet. Any one of the different kinds
can be sown after all other spring
crops are in and can be harvested and
out of the way before fall work be-
gins."

VALUE OF FERTILIZER SHOWN

Millet Crop More Than Doubled by
Properly Enriching the Soil.

The picture herewith represents the
value of fertilizer on sandy soil. A
strip of land in New York had celery
on it at one side in 1908 with an ap-
plication of about 300 pounds per acre
of a 2-8-10 fertilizer; the other side
had no fertilizer. The land was plowed
and fitted exactly alike and German
millet sown about June 15, 1909. The
showing is remarkable, as the season
was the driest and also the coolest for
years, with only five inches of rain-
fall after July 1, which is about half
of normal. The picture shows the
growth of one square foot from each
section, that fertilized in 1908 produc-
ing almost sixteen and one-half tons
of green forage to the acre, while the

Q. I am located near a slaughter
house and can get lots of beef blood
for my fowls. How should I prepare
it?

A. Salt it as you do soup, then boil
in a sack and feed sparingly at first.

Q. Which consumes the more feed,
pullets or old hens, and why?

A. Pullets. They are both growing,
repairing waste and laying and need
more. The old hens just need enough
to repair waste and for eggs.

Q. Who They Were.

One of the women teachers went to
the principal of a school in New York
the other day. "Mr. Mark," she said,
"I think you had better go upstairs.
A substitute teacher is on duty up
there, and I am afraid she is having a
terrible time. The noise is so terrific
the children down here scarcely can
study."

The principal went up the stairs two
steps at a time, and the noise soon
ceased. When he returned to the low-
er room his face was grim. "Miss Hen-
derson," he said, "if you hear any
more of those noises let me know at
once."

"Indeed, I will," she replied. "It is
simply outrageous that parents or
guardians should bring their children
up so they will behave that way. Did
you find out who the children were?"

"Yes, I found out," the principal said
scowling. "One is your nephew, and
the other is my son," he replied, and
the woman teacher almost collapsed.

Q. I have only 6.8 tons. There are
several points to be thought of here—
first, that fertilizers of a good grade
pay well the first year, and then some
pay for the second year.

If this is so with millet, would it not
be so with grain seeded with grass and
clover? That millet is a profitable
crop both for selling and cured is ap-
parent when seven and one-half tons
cured fodder can be secured per acre.
As millet contains only about 2 per
cent of protein, it should be fed in con-
nection with alfalfa or clover hay. If
these cannot be obtained the ration
should be balanced with such feeds as
oilmeal, cottonseed meal or the better
grades of gluten feed.

"I have used millet for some years
with dairy cows and young stock,"
says the farmer who made this fertiliz-
ing experiment, "and think very high-
ly of it. It is said to be injurious to
horses through the effect it has on
the kidneys. With the hay crop as
light as it has been for two years, as
the dry season has been very hard on
new seedling, it will surely pay our
farmers to give more attention to the
millet. Any one of the different kinds
can be sown after all other spring
crops are in and can be harvested and
out of the way before fall work be-
gins."
